Van den Bos Flowerbulbs

Where passion comes to bloom

At Van den Bos Flowerbulbs, we function around our core value of passion: passion for flowers, craftsmanship, innovation and above all, passion for perfection.
Since our founding in 1946, these principles formed the foundation of our purpose. Growing from a small, family business in the Netherlands' Westland region, we have become a global leader operating on four continents with a customer base that spans beyond 60 countries. Yet no matter how far we go, our roots remain grounded in tradition.

More Than a Bulb
Every flower bulb that bears the Van den Bos name is the result of careful selection backed by years of expertise and unwavering commitment to quality. With more than 700 varieties between our lilies, freesias and callas, our extensive range of products is unrivaled in excellence, each bulb holding a promise of growth, beauty and reliability.

Built on Craftsmanship, Driven by Our People
Van den Bos's greatest strength resides in its people, with generations of knowledge and love for the trade converging amongst our teams. From the breeders striving to perfect each bloom to the logistics experts ensuring flawless deliveries, we work with an eye for detail and dedication to our customers. We believe in strong, lasting relationships, and our teams exemplify this with personal connection, knowledge sharing, and genuine collaboration.

Innovation with Vision
At Van den Bos, innovation is not simply a trend but an everlasting responsibility. We continuously invest in improved breeding and new technology to streamline our procedures with efficiency and sustainability. We ensure our customers can rely on top-quality bulbs year round with utmost certainty and minimal environmental impact.

Growing Together
Van den Bos Flowerbulbs delivers products that harbor a story. Our many years of operation tell the tale of devotion to tradition, quality and connection while embracing growth and originality. We share our values with each customer, partner and nature itself, cultivating a blooming future together.

Roselily®

A lily that resembles a rose: the natural beauty of two flowers combined into one! Roselily® has no pollen and is lovely perfumed. Perfect for use in bouquets! Additionally, the individual flowers last approximately four days longer and do not stain like normal Oriental varieties. Roselilies can be sold in an open stage, just as roses.

The mission of Roselily® is to breed the most beautiful double lilies in the world. Only the very best double lilies can be called Roselily®:

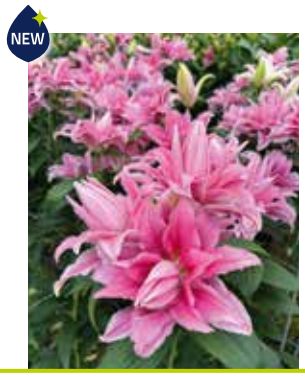

Beauty	*- Roselily® is outstanding in her beauty. Large colourful buds and 100% double flowers.*
Pollen-free	*- Roselily® is pollen-free under normal circumstances.*
Fragrance	*- Roselily® has a light fragrance.*
Long vase life	*- Roselilies have a longer vase life.*
